

MATHS CHALLENGE - YEAR R

Name: _____

Class: _____

How many numerals can you spot on the way home (e.g. house numbers, buses & number plates).	Play a board game that involves counting.	Do a dot-to-dot.	Learn a number rhyme.
Draw around and name coins.	Use chalk to draw a hopscotch grid and challenge a family member to a game.	Make a cake and help an adult weigh the ingredients.	Make a model or picture with a repeating pattern.
Order the shoes in your family from shortest to longest.	Go on a shape hunt. How many shapes can you name?	Set the table for the correct number of people.	Learn the days of the week.
