Infant School

Home Study Pack

Dear Parent/Carer

As the spread of COVID-19 continues, the school is closely monitoring the situation and reviewing practices and procedures to support all of our children during the outbreak.

Although we are **NOT** currently closing we want to ensure that if this were to happen our children can continue learning at home. All of the teachers have put together a home study pack relevant to their year group. The pack is being sent home now in case schools are given short notice of closure or if you choose to self-isolate. If your child is still attending school then hold onto the pack - it is not to do as well as coming to school.

Each pack contains learning activities to do with your child. In the pack you will find a login for your child to Purple Mash. Purple Mash hosts an assortment of curriculum focused activities, creative tools, programs and games to support and inspire creative learning every day.

In addition to this pack, please go onto our school website 'Home Learning' tab, where you will find the suggestions of further activities for your year group that teachers will regularly update.

For infant age children one of the most important things you can do is keep up to date with their reading.

I would also like to take this opportunity to thank parents/carers for their understanding during this time. People have been very kind and supportive of school.

Yours sincerely

L Barbuti
Head of School.
