

Love Has Come

- 1 There's a story to be told, of a man called Jesus,
How He came into the world to be born in Bethlehem.
In a simple cattle stall God Himself was present,
Kings and shepherds gathered there and a choir of angels sang...

CHORUS Love has come into the world for everyone.
God's own son, bringing us hope,
Helping us live, showing us love.

- 2 There's a story to be told through the generations,
Love has come for us to know as a gift from heaven sent.
Though it happened long ago, we will still remember,
For today and evermore there's a song of love to sing...

CHORUS

- 3 There's a story to be told all across the nations,
God revealed His love to us on the day that Jesus came.
Earth and heaven joined as one in the celebrations,
Many years have come and gone, but the song remains the same...

CHORUS

BRIDGE There is nothing that can separate us
From the love of God who came to save us,
A love that 'gets' me, never lets me go!

CHORUS x 2 (with optional harmony)
